Caribbean Town is not just a residential complex, it is a gateway for aspiring Aruban homeowners to surpass one more effort in favor of a bold statement to grow, Caribbean Town is the solution for the housing challenges in Aruba. As our population continues to grow and our environment rightfully expresses its demands to those who listen, our responsibility lies in challenging our standard of living. By incorporating a minimalistic approach that refuses to sacrifice the finer things in life, the design integrates our local traditions and customs in a sustainable way and breaking the barrier to allow for a modern vertical footprint. Downsizing has never felt more natural once our needs became the focal point. With this notion in mind, Caribbean Town Aruba becomes the first local, green, healthy and well-organized residential community built for today, tomorrow and for a lifetime.
